Cookie Statement

NEM Energy's website uses cookies. These are stored on your computer, telephone, tablet, or other devices with which you visit our website. This Cookie Statement explains which cookies we use, for what purposes and what possibilities you have to manage the cookies. If you wish to read more about personal data that is processed when visiting our website, please read our [Privacy Statement](#).

What is a cookie?

A cookie is a text file which is placed on the device with which you enter the website. With the information in these text files, we recognize you if you visit the website again later. This is useful for us, but also for you. For example, cookies remember which language you have set. This way we can help you better and faster next time because you do not have to pass it on again.

There are different kinds of cookies as explained below:

Type of cookie	Function	Needs consent?
Functional / Necessary	These are used to make websites more user-friendly. Without these, the website will not function properly. These also can keep some of your preferences like language or font.	NO
Functional / Necessary	These are used to view and analyze the use of traffic on websites.	NO
Tracking / Social media	These are used to share vacancies or web pages via social media.	YES
Advertisement / Marketing	These are used to place possible advertisements on websites.	YES

I do not want cookies; can I change or delete them?

NEM Energy uses the following cookies:

Would you rather not want NEM Energy to keep information about you and about the settings of your devices? You can then indicate, before you use the website, what you do and do not give permission for by using the banner at the bottom of the page.

If you have already accepted the cookies you did not want by mistake, you can always change or withdraw your consent. You can do so by following this link to the cookie banner.

For more information about cookies in general and how to manage or delete them, please visit [this article](#) (English) or [this one](#) (Dutch). The links will take you to a different website which will explain how to change the settings also on your preferred browser. You can also find the steps directly applicable to your browser in the following links: [Safari](#), [Google Chrome](#), [Firefox](#), [Microsoft Edge](#).

Updates Cookie Statement

NEM Energy can make updates to this Cookie Statement. We will communicate these updates through our website. We therefore advise you to periodically check this Cookie Statement.
